ARCADIA

rickyrichards.com.au

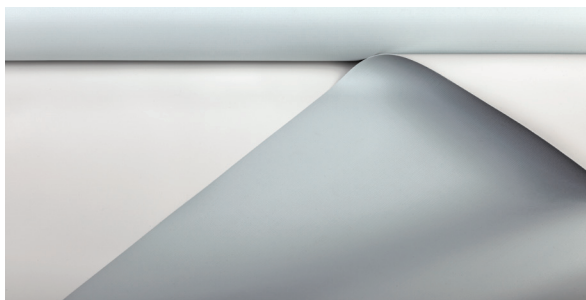

The Caravan Annexe & Awning Collection by Ricky Richards is a stylish, affordable collection of fabrics developed for the caravan annexe and awning market. Available in popular and vibrant options, the designs and colours have been chosen to complement existing caravan colour schemes. This range of fabrics can provide excellent opacity to privacy, are waterproof and can block out elements such as sun and rain to ensure a dry, cool environment.

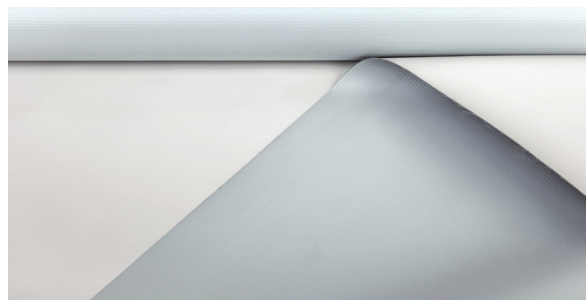

Designed to withstand the harshest Australian conditions, these products will remain durable and stable for many years to come.

The Caravan Annexe & Awning Collection of fabrics are as durable as they are stylish and will handle the applications they were developed for. These fabrics are easy to maintain and require only occasional cleaning using a mild detergent, brushing and rinsing with clean water. To obtain the maximum life from all fabrics, please ensure that the fabric is thoroughly dry before stowing away.
